The department shall report the results of the survey to the joint committee on housing within 90 days of the completion of the survey.

SECTION 14. Within 1 year of the effective date of this act, the department of housing and community development shall establish and implement a single statewide centralized wait list for state-aided public housing, after consultation with representatives of local housing authorities, municipal officials, public housing residents and public housing industry professional organizations. Such centralized wait list shall enable public housing applicants to submit a standardized application through a centralized internet website or through any housing authority. An applicant for tenancy in a housing authority may designate a preference by naming housing authorities. All housing authorities shall use the centralized wait list for selection of public housing tenants, with all local preferences and other preferences applied as required by law.
